CLUB OWNERS ARE IN FAVOR OF CHICAGO

American Association Will Take Decisive Action at Meeting.

CHICAGO, Dec. 20.—Before the American baseball association officially decides upon placing a team in Chicago, it must settle what promises to be a sharp controversy within its own membership. The contest over this important proposition is due to come up December 23, the date when the American association convenes in this city in annual meeting. For the association to enter Chicago the vote would have to be unanimous, and, as several of the managers are determined to go through with that project, it is unknown just what pressure may be brought to bear on the others. A member of the American association said that every club owner in that league was in favor of coming into Chicago, but that two or three of them would hold back for what they term "proper conditions." These conditions mean permission from the National and American leagues. The other members are in favor of coming in and then asking, "What are you going to do about it?"

There are few African large-eared elephants in America, and "Mike" was the largest, measuring 10 feet 4 inches in height and weighing six tons.

GAME WARDEN MAKES BAG OF DUCK HUNTERS

A fish and game deputy, who was appointed four days ago for Davis county, by Commissioner Connor, made four arrests at the New State Gun club, near the mouth of the Jordan river, last Thursday evening. Those arrested were Steve Fire, the patrolman of the club; Dr. Gates, James D. Murdoch, who was elected to the City Council at the last city election by the Republican-Democratic combination, and Dave Margetta, all of Salt Lake. It seems that the deputy hid himself on the hunting grounds Thursday evening. Murdoch, who had come down the canal two days before the clubhouse, swamped himself by shooting a hole through the bottom of his boat, and while sitting on the bank waiting for a new boat, he returned, he shot at ducks that came his way, but as it was his second time out, he could not hit any on the wing. The deputy sat in some high grass on the other side of the stream, with his watch in his hand, and immediately after sundown arrested Murdoch. The deputy spied Steve Fire coming in and took him also for old-time's sake. When they got to the clubhouse Dave Margetta counted out six ducks for the law. He was arrested and they will be subpoenaed for trial at Farmington. Other sportsmen who were out say the deputy was not excited and did not know what he was doing.

JIM FLYNN PUTS BILL SQUIRES TO THE BAD

BAKERSFIELD, Cal., Dec. 20.—William Squires of Australia was knocked out by James Flynn of Colorado tonight in the sixth round, by a right uppercut to the jaw. In the fourth round Squires landed a hard right to the six-freeman's jaw, and had the Australian possessed the speed to follow up the advantage the battle might have ended there. Squires' unperfect physical condition and ought to win the game. Some of the Y. M. C. A. players have for weeks been more or less laid up on account of sickness and injury. Physical Director Brown will probably have to use seven or eight men tonight. The strong association second team will meet the Baptist team in a preliminary game at 7:30. Following is the line-up:

TO MAKE TWO SETS OF PAVEMENT BIDS

Board of Public Works Will Accept Five-Year Guarantee.

P. J. Moran appeared before the Board of Public Works, Friday evening, and asked that the ten-year guarantee clause in the specifications for the paving on First South street from Second East to Thirteenth East street, be changed to read five years. Bids will be opened for this work January 3. Mr. Moran said that five years was a sufficient length of time for a contractor to guarantee a pavement, and he did not wish to bid on any more ten-year work. The Board decided to leave the ten-year clause in the specifications, but to add a five-year clause, so that contractors could bid on either or both. Mr. Moran said during his argument that he would do just as good work under a one-year guarantee as he would under the ten-year. Mike O'Connor, superintendent for James Kennedy, asked the Board to extend the time for the completion of sewer contracts in districts Nos. 180 and 183 until December 21, 1908. The Board granted an extension until June 1 next on No. 180, in the southeastern portion of the city, and until December 21, 1908, on No. 182, in the southwestern portion of the city. Virtually no work has been done on No. 182, as the city has not been ready to order it done. No. 180, Mr. O'Connor said, would probably be completed by May 1. In connection with his application for the extension of time, Mr. O'Connor said that Mr. Kennedy had only received two warrants against him, despite the fact that there was a large amount due him. However, two estimates aggregating more than \$25,000 were approved by the City Council last Monday evening. Reference also was made to the fact that the sewer bond fund is exhausted, the Morris administration having secured the issuance of bonds to the amount of \$150,000, and then let a contract immediately for \$17,000 of the same kind of time were sought on the grounds of financial stringency and difficulty in securing material.

YOUNG HEBREW UTTERS FICTITIOUS CHECK

Arthur Astor, seventeen years old, Hebrew, member of a prominent family of New York City, was arrested by Police men Harris and East at the Auditorium rink, Friday morning, on a charge of forgery. Astor was charged with forging the signature of his father, the Ottensheimer Clothing company, 25-27 East First South street, to a check for \$25 and passing the check on the Siegel jewelry company, 135 South Main street. Before Judge Diehl, Friday morning, upon the motion of Assistant County Attorney Farnsworth, Astor was discharged, Siegel not wishing to prosecute the case against him, upon an agreement reached between him and relatives of the youth. A brother-in-law of Astor happened to be in the city from Pocatello, Ida., Friday, and agreed to see that Siegel did not suffer the loss of the amount of the check. Astor will be sent back to his folks at New York. He came here last week, recently, and worked for the Ottensheimer company a short time. Pious living was responsible for his error, relatives say.
